Rubymoon Project Spec

Rubymoon wants us to help them grow their business success

Footnotes for Team 3

We need to rush the presentation for Monday 2nd

Key Takeaways from Rubymoon project brief

We need to help create a list of plastics manufacturers and recyclers in EU and UK

We need to focus on PA6 specifically

We need to gather contact information for these companies

We need to research any beneficial legislation for this endeavour

We need to suggest a marketing strategy

Issues observed working on the project

There isn't a centralised knowledge-base

The SEO for the website isn't great

The website doesn't load, there are no branding resources available to use in marketing material

The google contact information is missing
